

Friction Loss

1. How much friction loss in a 200' section of 1 ½" hose flowing 60 gpm?
2. How much friction loss in a 350' section of 1 ½" hose flowing 60 gpm?
3. How much friction loss in a 1200' section of 1 ½" hose flowing 30 gpm?
4. How much friction loss in a 150' section of 1 ¾" hose flowing 150 gpm?
5. How much friction loss in a 200' section of 1 ¾" hose flowing 95 gpm?
6. How much friction loss in a 250' section of 1 ¾" hose flowing 125 gpm?
7. How much friction loss in a 400' section of 2 ½" hose flowing 250 gpm?
8. How much friction loss in a 350' section of 2 ½" hose flowing 200 gpm?
9. How much friction loss in a 300' section of 2 ½" hose flowing 300 gpm?
10. How much friction loss in a 400' section of 4" hose flowing 800 gpm?
11. How much friction loss in a 350' section of 4" hose flowing 1000 gpm?
12. How much friction loss in a 600' section of 4" hose flowing 500 gpm?
